Police Activity at Onion Creek Village, November 2009 to April 2010
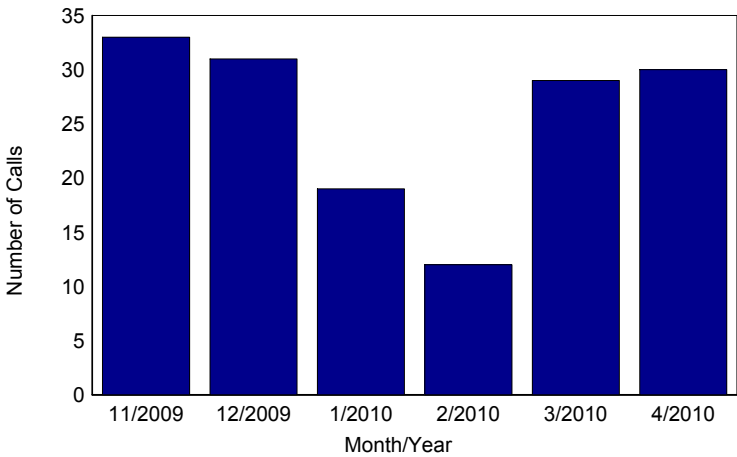

Notes:

1. The source for these data is RRPD's Computer Aided Dispatch database, which tracks calls as they come into the Police Department. As such, these data are limited in that actual call natures or dispositions may not be accurately captured.

2. All major crime categories are included in the analysis. Thus, if a category does not appear, the subdivision produced no calls in that category.

3. All traffic stops and animal-related calls have been screened from this analysis.

4. The commercial buildings in the isolated northeast part of the pictured map are excluded from this analysis.

5. For ease of this report, all of West Old Bowman is included in this report.

If the police activity on this report appears differently than it has in the past, that is because the unit in June 2007 revised the data queries underlying some of these reports to more accurately capture activity on the streets within the study area. That revision affects not only June activity but also the prior months that appear in the report
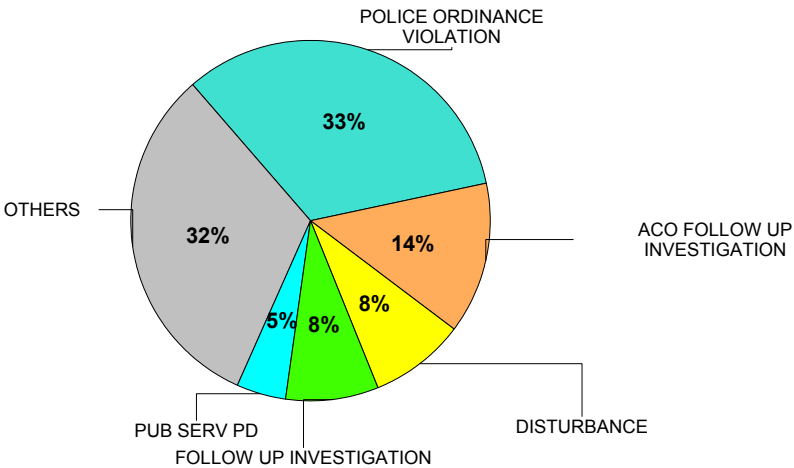

Questions about this report should be directed to the RRPD Logistics and Research Unit, Rick White, Phone: 512-2 18-5524, Email: rwhite@round-rock.tx.us

Police Calls for Service

Call dispositions are organized into the following categories: Arrest Made, Cancelled/False Alarm, No Report, Report Taken, Referred (to Other Agency), Unable to Locate, and Warning or Ticket Issued. If a category does not appear in the table above, then no calls resulted in that disposition category during the period in question.
